Letter of Recognition

I am delighted to learn about the personal efforts in empowering the disadvantaged communities through the “One Step Forward” initiative by Master Rishabh Sharma. Like Khalil Kirban has well said, “I slept and I dreamed that life is all joy. I woke and I saw that life is all service. I served and I saw that service is joy.” Yes, indeed, when we give something that we have then we receive happiness without asking for it. At such a young age, it is impressive to see how he learnt the life skills and channelized his empathy using digital platforms for raising funds in support of the dreams of his young peers. With this, he was able to inspire individuals and corporates for supporting the cause he so passionately believed in.

If we dare the difference, the difference will deliver. This is what happened to Master Rishabh Sharma and his “One Step Forward” (OSF) initiative. He may be only 17, but he is so insightful and acts in a more sensible way than one would expect for a person of his age. He has really got wise head on young shoulders. His passion to serve, his ability to maximize technology, and his dedication and persistence to carry forward this work so systematically is commendable. We also appreciate his vision and entrepreneurship in raising funds for education, mid-day meals and skill development in line with the Atmanirbhar Initiative of the Government of India. He has helped fund thousands of mid-day meals for hundreds of underprivileged students. He has also helped disadvantaged students raise funds for their skill development program including helping a student by arranging tuition fee for his engineering studies. We believe that exemplary students like Master Rishabh Sharma will be the stakeholders in bringing our great nation to greater heights.

(Continuation Sheet)

The journey of Rishabh Sharma and his "One Step Forward" (OSF) initiative encourages one to think outside the box, follow his dreams, treat others, particularly from disadvantaged sections with compassion and finally never give up on himself. This brought a difference to many lives and he is still doing this noble work.

I wish Rishabh Sharma all success in empowering community in many ways & once again congratulate and encourage him to continue with the same enthusiasm to serve the disadvantaged communities & have 'service' as his core value.

Best wishes for a bright and successful future.

Ganesh Lal
