To,

Rishabh Sharma
Founder- Onestepforward
Gurugram- Haryana

Subject: Request for collaboration of Onestepforwardwith Nayasaverafoundation for the welfare of underprivileged children during this severe cold weather.

Dear Mr Sharma,

Nayasaverafoundation has been operational with a primary objective of helping underprivileged children from the poorest of the human economic pyramid. Therefore, we have been looking out for volunteers (individuals/groups of people) who may share the same vision as our foundation's with the same passion. Recently, we have come across an article published on the commendable work you did and are thrilled to see your efforts and dedication in putting your best steps forward towards the upliftment of deserving students.

We cherish your involvement with our foundation since 2016 for providing study material, mid-day meals, and clothes to the underprivileged students . Recently Delhi & NCR region shivered again& the temperature has been falling considerably. The extreme cold causes the body to retreat on itself, pulling blood away from the limbs and into the head and torso. These bone-chilling cold waves make life challenging for people in northern India. People are facing extreme adversities of winter, and especially it's a sad affair for the underprivileged and especially children.

According to IMD, dense fog and cold waves will continue to blanket the northern parts of India for a few days, making the lives of peasants extremely difficult. During these challenging times, Naya Savera and concerned individuals like yourself have come forward to collaborate and arrange blankets & clothes for the poor and needy, especially the children. Life can prevail in the absence of a meal for a couple of days; however, the body cannot sustain the extreme cold weather overnight. The February month continues to fear the poor and needy. Our foundation is committed towards these underprivileged school children whose parents are working as labour and few of them do not have the financial means to get even one day meal. In such a challenging situation, it's difficult for them to provide warmth to their family members. Their parents urged us to offer warmer clothes & blankets so that they could bear the harsh cold weather. We solicit your concern and request you to help us by providing blankets & clothes for 100 students.

We intend to donate it to the needy and help them overcome these extreme times. We are looking forward to having your support in future.

Yours Sincerely,

Subrat Kumar Das Secretary
Secretary
